

IT'S NOT YOUR FAULT

You have the right to decide for yourself...

...when you have sex.

...who you have sex with.

...how far you want to go.

Nobody else gets to decide for you!

People who commit sexual violence are the only ones who can prevent it.

WE BELIEVE YOU

Sexual violence includes any unwanted sexual contact or attention, from sexual harassment to rape and everything in between.

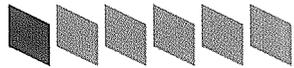

*"I'm so glad you guys are here...That night encouraged me to come in today."
~ a crisis client*

Sexual violence can and does happen to anyone at any time.

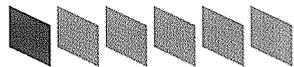

Rapists don't discriminate; you know someone who has experienced sexual violence, whether you know it or not:

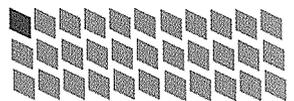

1 in 3 girls younger than 18

1 in 6 adult women

1 in 6 boys younger than 16

1 in 33 adult men

...are victims of attempted or completed sexual violence each year as a member of that age group.

YOU ARE NOT ALONE

Common Impacts of Sexual Violence

In one year, the Center Against Sexual Assault serves:

- More than 400 clients in mental health services
- More than 140 survivors receiving medical forensic exams and having evidence collected
- More than 2,700 crisis line callers in immediate need
- Almost 4,000 community members in community education and outreach programs

HELP IS AVAILABLE

If you or someone you care about is sexually assaulted, consider:

- seeking medical attention
- calling the Center Against Sexual Assault for safe, sensitive, confidential support
- reporting the crime to law enforcement

We care and we're here for you.

You can help us help survivors by becoming a volunteer or making a donation.

"This place has been the best thing I've ever done for myself."
